Subject: Draft Construction Complete Report for CFA-08

Carol and Kathy,

Both Mark Clough and I have reviewed the Construction Complete report for the CFA-08 Drainfield. The document looks good and we have no significant comments from this end. I might note however that I couldn't make much of the photos in Attachment B of Appendix A, the photos of Fence Removal and Mowing. There might be more clarity if the photos were on the same scale as those in Appendix C.

Clyde
